## How to Volunteer

### Disaster Assistance:

HVL is currently recruiting attorneys who are interested in volunteering and helping those who need on-going legal assistance as they continue to recover from Hurricane Harvey. Those interested should register on our Volunteer Portal. Please do this even if you have an existing Portal login. The pending registration list is a separate table that we can view all registrations on. We will be contacting you with volunteer opportunities.

### General Volunteers:

With a current Texas bar license, you can volunteer at one of our legal advice clinics or represent a client pro bono.

To volunteer at a legal advice clinic (no obligation to take a case), register online or e-mail our Pro Bono Coordinator.

To find a pro bono case that is right for you, use our Pro Bono Portal, where you can:

- Search our live list of cases
- Sort by law type
- Immediately download the documents you need
- Access legal resource materials, including digital forms
- Contact the staff attorney mentor assigned to your case

Sign up for e-news about upcoming events, available cases, and training opportunities!
