# Recruit More Boots Challenge

HVL's "Recruit More Boots" campaign challenges legal professionals to not only dedicate their time to pro bono work, but to actively recruit new volunteers, fostering a stronger, more connected community of legal advocates for those in need.

Join this challenge to amplify the impact of pro bono service and to cultivate a sense of shared responsibility within Houston's legal community.

Prizes will be awarded to the volunteer who recruits the most friends, the law firm and corporate legal department who takes the most cases. There will be a raffle drawing that includes anyone who partners up to take a case.
